September 1, 2020

Dear Blue Water Marine Customer,

We hope this letter finds you and your family safe and healthy. As this boating season comes to a close, we are preparing and scheduling for winterization. Please call or email to schedule a winterization appointment at least **two weeks prior** to your haul-out or drop off date.

The week of the appointment please **leave the ignition key and three quarters of a tank of gas**. This will help alleviate any issues brought upon by ethanol fuel and ensure the smooth and timely winterization of your boat or watercraft.

Below is a list of the winterizing services we provide.

- Winterize I/O or Straight Inboard
- Winterize Outboard
- Winterize Water-Craft
- Pick up and Deliver- Blocking on or Off-Site
- Shrink Wrapping
- Bottom Cleaning
- Boat Storage
- Prop Reconditioning
- Boat Cover Cleaning and Waterproofing

If you have questions about pricing or scheduling times, please feel free to call 203.312.0712 or E-mail [bwmservice@gmail.com](mailto:bwmservice@gmail.com) Our boat repair and storage facility is located at 108 Rt 39, New Fairfield. We look forward to hearing from you.

Respectfully,

Scott H. Jones
